Staff accompanying students on excursions will take all reasonable care while the students are in their charge to protect them from injury and to control and supervise their behaviour and activities.

Parents should be aware that staff members are not responsible for injuries or damage to property which may occur on an excursion where, in all circumstances, staff have not been negligent. Parents should warn children of the risk to themselves, to others and to property, of impulsive, wilful or disobedient behaviour.

If students choose to engage in behaviours which are considered inappropriate and harmful to others, or become unwell during the activities, families may be contacted to come and collect their child from the excursion.

The ACT Education Directorate does not provide any insurance cover for injury, disease or illness to students resulting from school activities or school-organised excursions. Claims for compensation are met where there is a legal liability to do so. Liability is not automatic and depends on the circumstances in which any injury, disease or illness was sustained.

As there is no automatic insurance cover for personal injury if your child is injured at school or during a school organised activity/excursion you should therefore consider whether taking out personal insurance cover for your child is warranted.

This insurance might cover contingencies including medical/hospital expenses, ambulance transport outside the ACT, and cancellation of transport/accommodation or loss of/damage to luggage.

*The ACT Ambulance Service provides free ambulance transport for students who are injured or suddenly become ill at school or during an approved school organised activity **within the ACT***
